

NOTICE

Ashburnham Municipal Light will be deactivating power to approximately half our customers early Sunday morning to perform system upgrades at the substation. Power to the W-4 circuit will be deactivated at approximately 3 AM on Sunday July 12th, and will be off for 2 to 4 hours. We anticipate service will be restored before 7 am on Sunday morning. Again, power will be deactivated early in the morning on Sunday July 12th.

A list of the affected roads will be available on our web site amlp.org.
